

How to correctly tie a Windsor Knot

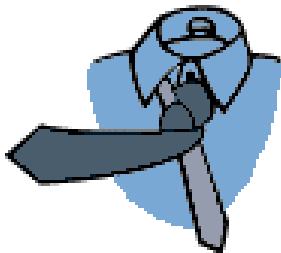

1. Situate the tie so that the end 'A' is longer than end 'B' and cross 'A' over 'B'

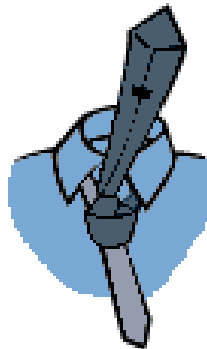

2. Bring 'A' up through the loop between the collar and tie, then back down

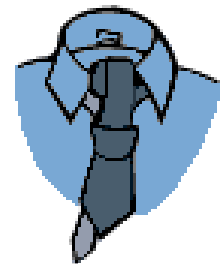

3. Pull 'A' underneath 'B' and to the left, and then back through the loop again

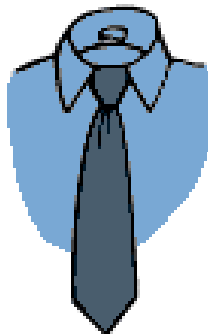

4. Bring 'A' across the front from left to right

5. Pull 'A' up through the loop again

6. Bring 'A' down through the knot in front

7. Using both hands, tighten the knot and draw up to the collar

Note - The bottom of the tie should be no lower than the top of the belt buckle and no higher than 40mm above the belt buckle.

Finally, the tie pin should be fastened so that it is level with the shirt pocket buttons
